Booth Season

Our booths at various Sport Shows around the state allows us to make contacts with new members, volunteers and landowners to carry on our mission of Outdoor Recreation for Physically Challenged People. It is also an opportunity to raise some funds through our raffles that help pay for the events we hold. We encourage members to participate in these booth events. Those of us with physical challenges can be mentors and can explain the mission to others that want to enjoy Wisconsin's outdoors. Thank you.

Kelly Lake Grand Opening

The pier is completed and over 70 people were present for the dedication. It was great to see the two busses from the VA. Dozens of fish were caught and released using rods that were donated for our members use. It was a spring day with below normal temperatures. The large tent supplied by Dennis was a God send. The musical group played and sang there throughout the day. The fire ring was a popular gathering spot for conversation. People also gathered around the 24 Tower chickens that were slowly turning on the spit as George tended the coals. Greg made 9 gallons of coffee and two gallons of hot chocolate. We had 10 salads and a dozen deserts in the pot luck with no duplications. Steve Starz who organized the event presented Don and Roman with plaques as a token of our appreciation for all they have done over years to make this place possible. Ben from the DNR gave a report on his study of the lake to complete the ceremony. Mary had her bucket raffle to add more fun. Thanks also to all of the volunteers that made or served the food and those putting tackle on the rods, working the pier and parking lot. May God Bless you all.

Thanks to Glow Prow for the donation of lures for our use and to **Dennis Schaefer** for the use of the tent. **Artistic Tinting & Auto Detailing** and **Kendor Boating Supplies**, were other sponsors. The volunteers were Ron, Joe, Tim, Matt, Harry, Patricia, George, Dennis, Patrick, Al, Todd, Barb, Jim, Miriam, Mary, Diane, Dolores, Duane, Donna, Greg, Larry, Helga, Jennifer, Diane, Margo, Lloyd, Gary, Austin, Rorie & her brother, the Welch brothers, Conner, Ben, the Teffer family and one more thanks to Steve Starz for his hard work and dedication for weeks before the event.

If you want to spend some time fishing off the pontoon boat contact Steve Starz 262-321-9653. He will set you up with one of our boat captains. There is a ramp onto the pontoon boat. You will need to have your Adaptive Sportsmen Inc. membership card or veterans identification. Enjoy it. If you just want to picnic there is now electricity in 6 different locations on or around the piers.

Youth Archery

We hosted a group of 7 disabled teens from Variety Wisconsin at an Archery Shoot at Westown Archery in Brookfield this spring. It was a lot of fun to see the disabled teens quickly figured out how to hit the targets and enjoyed a fun time putting arrow after arrow into the targets. They started shooting at the 3-D targets and after a few misses they got the handle at that also. We look forward to seeing some of these teens at our archery events and hunts in the future. We look for opportunities to introduce young disabled people to the various outdoor recreational activities open to disabled people in Wisconsin.

DNR officials say that brings deer and bear hunting more in line with the requirements for small game hunting and fishing.

Spring Turkey Hunt

We had an excellent hunt this year. We hunted Friday afternoon and saw a nice tom but did not get close enough. He strutted at about 100 yards for 20 minutes but would not come in. When we left for the night we moved our blind to a spot we thought would put us close to him the next morning. We settled in the blind about 4:45 and waited to see if we made the right decision. From around 5:00 until 8:30 we watched the tom and one of his rivals strut and woo 5 hens. About 8:30 we finally had him at 30 yards from the blind with Scott drawing a bead on him. Scott pulled the trigger and all we heard was click. We got another round in the chamber and Scott lined up again. The tom cooperated by standing tall and looking at the blind trying to figure out what we were. This time the gun went off but Scott wasn't ready to be done with the hunt and he shot right over the top of the tom's head. We moved the blind back to our original position across the field and settled in for the day. We were both a little down about the tom getting away but made the best of it and kept calling and watching.

At noon we had the other tom from the morning show come to about 100 yards but he was courting a hen. While he did show us some interest the real hen won out and he disappeared into the woods. Around 4:15 a jake made his way across the field 200 yards away. We were busy trying to get his attention and we didn't notice the tom that checked us out at noon sneak in to 10 feet from our blind. We frantically tried to get Scott into position for a shot but it wasn't to be. There was a tree in his way and Scott couldn't get the bird in his sites. With the bird at 30 yards and moving away, I was able to lean out to the side of the blind and filled my tag.

We settled in again and made a call to see if we could locate another bird. One gobbled back from behind us. After about twenty minutes of calling back and forth and getting Scott into position before the bird showed himself, all our work was rewarded with a strutting tom coming into view 10 yards away. Scott got his revenge for the earlier miss by shooting the very same bird. This time he was ready to be done hunting and the bird never even twitched after he shot it. Scott had several keep sakes from the hunt. Fresh turkey to eat, beard, spurs, tail feathers, spent shell casing, and the shell with a dimpled primer from the first shot attempt that did not go off. Seeing as Scott has missed the first bird he has shot at the last two years I am not sure if it's tom fever or if he is really just missing on purpose so he can be out in the woods longer, but the memories it has left us with will put a smile on our faces and give us topic of conversation for years to come. Thanks, Scott.

Include Adaptive Sportsmen in Your Will

Estate planning is never a real popular topic to talk about, but it is better to plan now than leave your heirs wondering what you wanted to do. You can also take the time to sort out what you want to leave as a legacy. Adaptive Sportsmen is hoping that you will consider us when you start your planning.

- **Donation of hunting equipment and adaptive equipment.** We can get your good used equipment to a needy ASI member or sell it and use the proceeds for our events. Used vans, wheelchairs, crossbows, and guns are popular items to donate.

- **Dedicate any amount of money or property for a specific purpose** We will keep that money separate and use it as you wish. From \$2 to \$200,000, any amount is good. **We can memorialize your donation or let it remain as an anonymous donation.**

- **Donate in the form of a charitable trust.** We can act as the trustee for your charitable trust if you want to transfer larger donations or real estate while retaining control of the asset during your lifetime.

No matter the size or type of your estate, we would be happy to talk to you about your estate planning.

Halter Pheasant Hunt

It was another memorable day at Halter Wildlife with changes in the weather every 30 minutes. We had an inch of snow during the safety meeting that included a few shots at trap. That quickly melted as the sun came out and the dogs of various breeds went to work. The pheasants showed off their foot work before taking to the air. Our group saw another storm in the distance but decided to make one more pass on the edge of the field. It made the ride back to the lodge for lunch an experience with the sting of sleet in the face. Hot dogs, hamburgers, salads desert and all the fixings made for a fine lunch. The weather brightened and we were able to hold the tower shoot in the afternoon. Thanks to Trish and all the volunteers that worked the dogs, carried guns, drove vehicles, cleaned over 100 birds, made and served lunch. Thanks also to **Mcfarlane Pheasants Inc., Lake Elaine Game Farm LLC** and an anonymous donor for the pheasants and partridges. Ammunition was through the courtesy of the **Wisconsin Deer Hunters.** The volunteers were Mike, Joe, Bree, Al, Allan, Jeff, Allen, George, ... and one more thanks to **Trish Boem** for her hard work and dedication for weeks before the event.

Other Hunts

As announced in an email invitation **Bill Stuber** planned an Iowa hog hunt and **Ray Rabuck** planned a late season bow hunt in Wisconsin. Three physically challenged hunters participated in both of these hunts.
